## Zero Visibility; Deep Drifts

## Many Stranded When Wild March Blizzard Hits

Striking suddenly from the north about 9 o'clock last Thursday night, winds up to a reported 70 miles per hour, accompanied by driving snow, brought blizzard conditions that quickly forced all motor traffic to a halt and caused scores of town and district residents to seek emergency shelter for the night.

Although storm warnings had been broadcast, the blizzard was not expected to hit this area until near midnight and when it struck so early it caught many district residents in town and many town-people visiting with friends in other parts of town.

With visibility at zero and roads quickly becoming impassable, many who started from town for their farm homes were forced to spend the night in their cars. Fortunately, temperatures remained well above zero and although they spent an uncomfortable and anxious night stranded on the road, there were no fatalities in this district.

Many curlers were stranded in town or on the roads. The hotel was full and the bowling alley, Canadian Legion and theatre all had their quota of overnight guests. Visitors at private homes were in most cases forced to spend the night wherever they were when the storm struck.

The Elks' St. Patrick's dance was cancelled and will be held next month.

Cars were stranded and abandoned all over town and by Friday morning drifts as high as ten feet blocked all streets. Drifts 15 and 20 feet in height are reported in the country.

When the wind abated Friday afternoon a county snow plow was put to work making town streets passable and tow trucks were busy hauling cars and trucks out of the deep drifts. A government plow has opened No. 23 highway and county snow plows are busy this week attempting to open blocked district roads.

### "Fly Up Ceremony"

A Brownie "Fly-up Ceremony" was held at the Armouries Monday night, when Brownie Corinne Walker was presented by "Brown Owl" Mrs. A. Grove and received into the Girl Guide Patrol by Helen Hunter.

Three Girl Guides were enrolled by W. A. Shields at a regular

## Please Check Paper Label

Starting with this issue, The Advocate goes to several hundred new subscribers.

Hundreds of other subscribers, ratepayers of the County of Vulcan, will now be receiving the paper through the County instead of by individual subscription. Practically all of this second group of subscribers had their individual subscriptions paid in advance—from one month to two years—and within the next week or two will be receiving refunds on their paid-in-advance subscriptions.

Some errors are bound to occur in such a major change as has been made in the Advocate's mailing list this past week. The list of ratepayers supplied by the County may contain certain duplications in that two members of the same household may be registered as ratepayers, with the paper going to both of them. The lists have been checked carefully and most of these cases corrected, with the paper being sent in the husband's name.

It is expected that there will be a certain number of wrong addresses, of incorrect initials and of mis-spelt names. Please notify the Advocate office so the correct listing may be obtained.

Papers going to County ratepayers are identified by the month of expiry and the initials "CV" on the label. Subscriptions starting this month show the ratepayer's name and the marking "MarCV" on the label. If you are a ratepayer and the label on your paper has not been changed to this new marking, please notify the County Office.

## Stores Closed Good Friday

This Friday, March 23, is Good Friday and a public holiday. Local stores and business places will be closed for the day. Easter Monday, March 26, will be observed as a bank and legal holiday only.

## Constituency Conv. Addresses Institute

The March meeting of Good Deeds was postponed a week in order that Mrs. A. W. Malsey, Little Bow Constituency Convener could be present and give her annual talk to the members. Her topic was of particular interest to the younger members, dealing with the early history of the formation of the W.I., and its association with the A.C.W.V.

Mrs. A. Fisher gave her report of the District Conference at Lethbridge. She appealed to the members for donations of buttons to be used by the W.I. girls clubs to help equip sewing kits for Greek girls graduating from sewing schools. They are trained to teach sewing but lack materials to work with.

The roll call "My Earliest W.I. meeting" was interesting. One member attended a meeting in Ontario in 1912 and one in Nova Scotia in 1914.

Lunch was served by the hostess, Mrs. Dale Campbell. The next meeting will be held at the home of Mrs. Howard Spaeth.

### Junior Red Cross Tea Successful

(Contributed by Shirley Burgess)

The grades 5 and 6 of the Vulcan School, held their Easter tea and bazaar in the Legion hall, March 14. The two grades entertained their guests during the serving of tea with song and tap dance numbers and a minstrel show. Those participating were: Tap dancing, Glenna Joiner, Louise Loucks, Helen Richardson and Elaine Bredt; solos by Helen Richardson and Jay Scott; a dark recitation by Connie Neville, with Shirley Burgess accompanying at the piano.

The Dollar Doll was raffled and won by three-year-old Carol Lucas of Armada. The sum of \$150 was realized from the raffle and will be donated to the Junior Red Cross Crippled Children's Home.

Mr. Yoemans and pupils wish to thank all who patronized the event and who aided in any other way to the success of the venture. Due to illness, Harden Budd, Bob Smith, Wayne Shortt, Donna Duane, Madeline Love and Joyce Jordan were unable to take part in the program.

## Letter To The Editor

## Athletic and Cultural Assoc. Stresses Need For Members

Editor, The Advocate,  
Dear Sir:

This letter is addressed to the town and district residents of Vulcan.

Some four years ago the Vulcan and district Athletic and Cultural Association was organized to meet the need of directing the energy of young people in the right direction. The Association was formed to serve as a coordinating body for all activities, to promote citizenship, sportsmanship, leadership, health and recreation, etc., with emphasis being placed on junior activities.

In the intervening years the Association has sponsored hockey clubs (taking in all age groups), hard and softball for junior boys and girls, and track and field meets for inter-school competitions. On the cultural side, such activities as verse speaking contests and amateur contests were held.

Now the Association is appealing for help. The only means of financing the Association has been by a percentage of hockey game receipts and by paid memberships in the Association. Last year there were only seven paid members and this year there are only ten. No club or association can function without funds. Either the A and C Association will have to have more support or there will be no organized sport in Vulcan. And if the various clubs cannot be kept functioning under sponsorship, how are they to manage individually?

In the next week or two there will be a general membership drive. The Junior Hockey Club and the members of the Sub-Div Club will be the canvassers. Will you help them to keep organized sport alive in Vulcan?

—Vulcan A & C Association.

## Early Days Are Recalled

The March meeting of the Reid Hill W.I. was held at the home of Mrs. Minnie Walker Thursday last, with 11 members and one visitor present.

The roll call was answered with "Health Hints" and proved quite interesting.

A committee was named to purchase, pack and send soap and diapers to the Greek Babies' Fund.

The urgent need of clothing for the Jack Koe family whose home and belongings were destroyed in a fire which occurred Wednesday afternoon east of town, was brought up. Members voted to leave all donations of clothing at the King Drug store.

Mrs. Peter McIntyre who attended to 31st District Conference at Lethbridge as delegate gave an excellent and highly informative report of the conference.

The "Early Days of the Reid Hill W.I." were most graphically described by Mrs. Jack Marshall in her paper dealing with the activities of the early 'teens of the century. In her usual witty and gracious manner she reminisced about oldtimers of the district, recalling many amusing incidents.

The programs for the year were distributed and showed considerable work and planning in preparation.

A most enjoyable social hour concluded the afternoon with a delicious lunch being served by the hostess assisted by Mrs. Ross Walker, Mrs. Frieda McRoberts and Mrs. Carrie McIntyre.

Mrs. L. Chell very kindly offered her home for the April meeting.

## U.N. Secretary-General Visits Latin America

United Nations Secretary-General Trygve Lie (above left) is welcomed by the President of Chile, Gabriel Gonzales Videla, at the opening meeting of the U.N. Economic and Social Council, now holding its 12th session in Santiago, Chile. Looking on (center) is the President of the Council, Hernan Santa Cruz of Chile.

## Donated by Local Firms

## Square Draw Bonspiel Prizes Donors and Winners Listed

A list of the prizes donated for the square draw bonspiel (winners of which were reported last week), has now been received.

### First Event

1st: 4 Curling Butter Dishes, donated by Seales Motors, won by H. Spaeth, A. Lloyd, F. Chow and Jack Willard.

2nd: 4 gals. Anti Freeze, donated by B. W. Banks 99 Service, won by Howard Burrell, Bill Neufeld, Keith Elder and Leon Coe.

3rd: 4 White Shirts, donated by Robinson Stores, won by J. Wolfe Jr., George Fulton, Cal Snow and Bud Haverly.

4th: \$5 Credit Certificates, donated by the Vulcan Furniture, won by C. J. Robinson, Jim Clark, E. N. Rushford and Alex Grant.

### Second Event

1st: 4 Curling Ash Trays, donated by C. R. Robson, won by Norman Love, N. Jacobson, Dave Gonyea and Alvin Fulton.

2nd: 4 gal. Anti Freeze, donated by J. T. Willard & Son, won by Roy Fulton, Harold Ulmer, Andy Knive and Bill Houlton.

3rd: 4 Pyrex Colored Casseroles, donated by J. Wolfe & Son, won by Fred Anderson, A. G. Saxby, Jack Metcalf and Joe Roffler.

4th: \$5 Credit Certificates, donated by Vulcan Electric, won by Jim Jensen, Ivan Haga, Bill Callaghan and E. E. Schultz.

### Third Event

1st: 4 Leather Cigarette Cases, donated by P. McAskill (3) and Mrs. M. Dobbs (1); won by Harris Matlock, Gale Atkinson, Allan Sampson and Cecil Matlock.

2nd: 4 gals. Anti Freeze, donated by Elder's Garage and won by Lloyd Graham, Lyle Graham, Glen Graham and Nelson Jamison.

3rd: 4 \$4 Donations, donated by Fulton Bros. and won by Stan Kehr, O. Hagla, John Hyslip and Mrs. S. Kehr.

4th: 4 10 gal. Gas Credit Certificates, donated by Ray's Auto Shop and won by Clay Snow, Chas Fulton, Keith Elder and Jack Hurst.

The main event was won by the Howard Spaeth quartet, which went through the competition with six straight wins and no losses. The two ladies' rinks skipped by Mrs. Ethel Banks and Miss Rose Bachman failed to win a game but drew much interest throughout the 'spiel.

## Church Pageant Well Received

The nice weather last Sunday, along with the plowed streets, enabled the congregation to fill the United Church for the evening worship; during which the pageant, "The Challenge of the Cross" was presented.

Against a backdrop of purple curtaining, upon which two gold crosses were placed, the cast performed their parts in keeping with the theme of the pageant. Evangel calls for disciples for her Lord, Jesus Christ. The disciples come forward for service; one refuses to bear the cross; another wishes to select the crown; the next worship the beauty of the cross; following which one hides her cross; while the next boasts of her ability; and the last willingly bears the cross only to complain of her martyrdom. However at the final challenge, all group themselves, in a

tableau around the cross, and sing "Jesus I my cross have taken". Those taking part were: Evangel: Constance Erskine; First Disciple: Iva Bennett; Second Disciple: Hazel Schuler; Third Disciple: Ina Carberry; Fourth Disciple: Dora Schuler; Fifth Disciple: Adele Klein; Sixth Disciple: Christine MacIndoe. During the worship Glen Graham announced hymns; Ethel Hilt lead in the Psalm reading; and Clarence Yoemans read the Scripture lesson.

Between the conversations of "Evangel" with the various "Disciples", several members of the Senior Choir, as a group, sang verses from hymns in keeping with the "challenge" to each "Disciple". Mrs. V. Coleman played the organ.

## To Replace Brant Teacherage

## County School Committee Holds First Meeting

Vulcan County School Committee under the chairmanship of J. M. McKay was sworn into office at the committee's first meeting held on March 12. Having all the powers and duties of school division boards, the committee formally took over the administration of the County schools at the meeting which was attended by all of the committee members and C. M. Lavery, school superintendent.

Mr. McKay welcomed the members of the committee from the Villages and Town of Vulcan and stressed the fact that while these members were not members of the county council, they were full fledged members of the school committee with full voting powers on the committee. Their assistance was needed in the school administration and was appreciated by the members of the Council. He was sure that a spirit of co-operation would prevail among the members of the committee to ensure a successful and efficient county school system which was deemed to be the major activity of the County.

The committee spent most of its time in getting acquainted with the routine matters in respect to the operation of the schools and decided to continue policies in operation at the present time until the end of the school year.

A resolution from the High River Presbytery of the United Church complaining against school children taking part in and promoting raffles was read to the committee. In dealing with this matter the committee felt that raffles in the schools should not be encouraged, and that the practice of promoting or sponsoring raffles should be discouraged as the committee was opposed to the principle of gambling in schools.

It was decided not to take any action at the present time to dispose of any vacant school buildings, but a policy to dispose of vacant school sites was adopted. Vacant school sites will be sold back to the owners of lands from which the sites were originally obtained, on the understanding that the vacant property would be cleaned up and the weed menace taken care of. It was also decided that the vacant schools might be used by the people of the community for meetings if proper arrangements are made.

The matter of fire insurance on school buildings was discussed and the matter taken under advisement for completion at the next meeting.

The matter of replacing the teacherage at Brant which was recently destroyed by fire was discussed and authority given to procure a suitable house.

A motion was passed authorizing committee members to have jurisdiction over minor matters at schools in the county as follows: J. M. McKay—Brant and Ensign; D. H. Russell—Champany; J. E. Carlson—Champion and Kirkeley.

James Shortt—Vulcan; Donald B. Smith—Reid Hill and Armada; C. R. Curtis—Arrowwood; J. Dist—Milo, Queenstown and Majorsville.

Preliminary discussion was held on the 1951 budget which is to be finally adopted at the April meeting, after final settlement of the transfer to the county of its share of the assets of the school divisions making up the county.

After three weeks of canvassing in Vulcan and district, Canadian Red Cross Society Campaign Manager P. A. Thomson announced today that a total of \$482.00 of the \$1,500 quota has been reached.

This year, Red Cross canvassers are emphasizing the new Alberta Red Cross Crippled Children's Hospital in Calgary which opened March 3, for the care of children whose parents cannot afford prolonged orthopedic care. Patients are admitted from all over Alberta, the Peace River Block and the North West Territories.

But while much Red Cross work is done at home, the society has international obligations as well. For example, the Canadian Society's medical-social welfare team was the first to be sent to Korea to work under the United Nations with civilian refugees. The society has allocated nearly half a million dollars for international relief, including grants for Korean refugees.

## Ladies Auxiliary to Elks

## Order of Royal Purple Lodge Organized Here

Wednesday afternoon and evening of last week, the I.O.O.F. hall was the scene of the organization of a new lodge in Vulcan, the Order of the Royal Purple, which is the auxiliary of the B.P.O. Elks lodge.

District Deputy Supreme Honored Royal Lady Kelly, of Calgary, accompanied by H.R. Lady Mohray, Lady Ladlow and Lady Jones of Calgary, arrived by train and were met and taken to the hotel.

At the opening of the afternoon session, Lady Nina Rihland introduced the District Deputy to the Vulcan ladies present, and District Deputy Kelly then conducted a preliminary meeting to select the officers for the ensuing year and then adjourned the meeting until the evening.

The visiting ladies were served a delicious dinner by Mrs. Margaret Hanna, assisted by Mrs. Irma Middleton, Mrs. Olga Miller, Lady Nina Rihland and Mrs. Jack Marshall.

When the meeting was resumed in the evening, District Deputy Kelly, assisted by L.P.H. Lady Rihland, instituted Vulcan Lodge No. 133 of the Order of the Royal Purple and continued with the installation of officers, as follows:

Honored Royal Lady, Gwen McKay; Associate Royal Lady, Laura Houlton; Loyal Royal Lady, Olga Miller; Lecturing Royal Lady, Hannah Matlock; Secretary, Wilma Marshall; Treasurer, Adele Schuler; Chaplain, Mrs. Jack Marshall; Conductress, Kay McKay; Inner Guard, Mabel McIntyre; Outer Guard, Elsie Willard; 1 year Trustee, Marion Engen; 2 year Trustee, Irma Middleton; 3 accompanying log book.

year Trustee, Olive Atkinson; Pianist, Maxine Rihland; Historian, Hilda Hunter. The Lodge has 36 charter members.

The Calgary ladies, accompanied at the piano by Maxine Rihland, very efficiently demonstrated some of the floor work, and Honored Royal Lady McKay conducted the closing ceremony.

Lunch was served by Ladies Gwen McKay, Kay McKay, Mrs. Stewart, Wilma Marshall and Hannah Matlock. The District Deputy was presented with a cup and saucer in appreciation of her services.

## Friendship Scroll Here on Saturday

A greeting from British Girl Guides and Brownies to Canadian Guides and Brownies, the "Friendship Scroll" will be in Vulcan on Saturday, March 24.

Passed from the hand of Brownie to Guide, all across England and presented to the Dominion Commissioner of Guides, Mrs. Wishart, the scroll has travelled across Canada by T.C.A. on its trip to the paper centres. Now it is on a tour of all Girl Guide Companies in Canada. It will arrive in Vulcan this Saturday, March 24, and be formally received by a Brownie and Guide and official reception committee at the Canadian Legion hall at 1:30 p.m.

All interested are cordially invited to see this interesting ceremony and view the scroll and the accompanying log book.

## My Work

Let me but do my work day by day  
In field or forest, at this desk or loom,  
In roaring market-place or tranquil room;  
Let me but find it in my heart to say,  
When vagrant wishes beckon me astray,  
"This is my work; my blessing, not my doom.  
Of all who live, I am the one by whom  
This work can best be done in the right way."  
Then shall I see it not too great, nor small  
To suit my spirit and to prove my powers;  
Then shall I, cheerful, greet the laboring hours,  
And cheerful turn, when the long shadows fall  
At eventide, to play and love and rest,  
Because I know for me my work is best.

—Henry van Dyke.

## Letting Gardiner Down

Following up this wheat deal, we think that the Ottawa Liberals have definitely let Jimmy Gardiner down. Jimmy himself carried the load for agricultural Canada all though the trying times in the '30s, through the war years and through the post war years of adjustment. We think he did a very good job. He has met boldly opposition as it arose and time proved his judgement to be correct on most occasions. Now when the pinch comes Jimmy has been deserted by his political colleagues and the Western wheat grower thrown to the wolves. This will not be forgotten when the next election fells around. Funny how the politicians can so easily overlook the farmer. All other industry can lay claim to protection, but just mention agriculture revealed itself in a letter published in the Edmonton Journal one day this week. She was crying to high heaven about the price of butter and how the farmer was robbing the working man. If the city workman had to depend upon butter produced under union wage scales in comparison with city labor it would cost much more than now. One of the causes of the present shortage in dairy products is the inability of the farmer to compete with industry in the labor market. Labor is demanding, and in many cases getting, the five-day week. We never saw a cow that would produce milk on a five-day schedule.

—Camrose Canadian

"S.O.S." has no literal meaning, but was chosen as a distress signal because of its ease in transmitting.

Shaving was originally a protective measure, since long beards were easy for opponents in combat to seize.

We do not believe that Western Canada is in any danger of a Russian invasion. Just think what would happen to heavy Soviet tanks if they ever hit some of the country roads. It may be that the deplorable roads are regarded as a defence measure by the powers-that-be in Ottawa.

## County Committees Named

(Reprinted from last week for the information of those residents of the County of Vulcan who are this week receiving the Advocate for the first time).

Organization of the new County of Vulcan No. 2 was completed on Thursday, March 8th, 1951, when the new council was sworn into office and took over the administration of the County from Bruce Ramsay, who had acted in the capacity of administrator since its formation on January first of this year.

J. E. Carlson, reeve of the former Municipal District of Vulcan No. 29, was elected Chairman of the County for the ensuing year. Jack Dietz of Milo, who has had many years service on Municipal councils, was elected deputy-chairman and D. D. McQueen was appointed Secretary-Treasurer.

### School Committee

The School Committee will be composed of seven members, four from the County council and three representing the village and town schools which are included in the County's school system. J. M. McKay was appointed chairman of the School committee and the other members from the County are Donald B. Smith, J. E. Carlson and J. Dietz. Other appointments were James Shortt from the town of Vulcan, D. H. Russell from the Village of Carmangay, and C. Curtis from the Village of Arrowwood. The school committee will have complete jurisdiction over all school matters in the same manner as school division boards had under the former set-up.

### Municipal Committee

The County's Municipal committee will be composed of three members of the council headed by C. W. Loose. Other members of this committee will be Allan McLean and Donald A. McQueen. The Municipal committee will have jurisdiction over the public works department of the County. All other matters formerly administered by a Municipal council will be under the direction of the county council as a whole.

In accordance with the ministerial order, the names of the newly elected councillors were put into a hat, and Mr. Ramsay made the draw to determine the term of offices. The first three names drawn were Donald B. Smith, R. A. Clements and Marshall Willard, who were declared elected for a term of three years. The next three names drawn were C. W. Loose, J. E. Carlson and Donald A. McQueen who were declared elected for a term of three years, and the remaining three names of Allan McLean, J. M. McKay and J. Dietz were declared elected for a term of one year.

In 1952 elections will be held in Divisions one, six, and eight; in 1953 in divisions two, four and nine, and in 1954 in Divisions three five and seven.

### Tax Discounts

The council decided to continue the policy of the former municipality in respect to discounts for early payment of taxes. A by-law was passed setting the discount rate at 5 per cent for payment on or before the 30th of June of the year in which the taxes are levied. A by-law setting the rate of penalty on tax arrears of 5 per cent was also passed.

The council gave two readings to a domestic animals by-law prohibiting all domestic animals from running at large in the whole of the county for the whole year. This by-law will be advertised in the manner prescribed and if no petition is received asking for a vote, will be given the third reading and finally passed at a future meeting.

A resolution was passed authorizing the installation of three street lights in the hamlet of Shouldice.

### Newspaper Contract

Councillors were of the opinion that the rate-payers of the county should be as well informed as possible as to the activities of the council and its committee, and in order to make available to the farmers of the County information and material of special interest such as agricultural matters, it should have a contract to supply the local paper to every rate-payer. A by-law was passed to subscribe to the Vulcan Advocate for each rate payer from the general funds of the County. An effort will be made to give complete coverage of County affairs. One of the points stressed was that the mailing list be kept up-to-date at all times, and rate-payers are asked to see that information is supplied to the office promptly of all changes in ownership of land so that the best service can be given. It was also pointed out that the new arrangement will provide an excellent means of ensuring proper notification to rate-payers of the many special notices required in cases of by-laws etc.

### Road Signs

A petition from the Kirkcaldy Women's Institute pointing out the need for proper road signs on

councillor make a survey in his division at an early date in order that definite information would be available.

### Ask County Health Unit

The meeting continued on Friday morning at which time the matter of the Foothills Full Time Health Unit reorganization was discussed. Information was that plans are being considered to extend the Foothills Unit to twice the present size with a larger staff.

The whole of the Vulcan County would be included in the new area. The opinion was expressed that the Vulcan County should be a complete unit and a decision reached that an application be made to the Minister of Health to set up a unit for the County.

### Blackie Assets Divided

During the afternoon the Council met with the Council of the Municipal District of Highwood for the purpose of dividing the

assets and liabilities of the former Municipal District of Blackie.

The basis of the division was 40.25 per cent to the County and 59.75 per cent to the Highwood District. Principal items which were divided was the road machinery. The county's share of the machinery amounted to approximately \$60,000.00. The remaining assets were divided on a straight percentage basis.

## Your Commerce Branch

## Keystone of Main Street

Our town is different. We are one of the few tobacco centres in Canada. Rich crops are grown and cured around our friendly community.

Yet, in many ways, we are the same as any other town. We have the same kind of people...

hard working, honest, friendly people... take the Commerce manager for instance.

He has helped us with many of our problems.

Yes, our town is different but the people are the same.

And the men and women at your Commerce branch are good people to know.

## Weak Education--- Education Week

(By V. A. Coleman)

Although we can rightfully give credit, where it is due, to the officials of our educational system, to board members, teachers, all teacher associations, the Home and School Associations and our universities for doing a great deal for the improvement of education there is much to suggest a greater effort is due in the future. Some rather alarming stories have appeared in recent issues of our daily papers. The reader concludes that our schools are producing a rather coarse, uncouth type of citizen, when students attack fellow students, or members of our armed forces in lawless, brutal fashion. It would not be fair to place the entire blame for such deeds upon any one agency of education, or to say that these deeds are characteristic of any particular centre or school system. To a certain degree this type of behavior can be found in many communities and schools. This week, however, when we are be-

ing told that Education is Everybody's Business, we all need to pledge ourselves to a greater effort to improve weak education. It could happen here.

We learn to do by doing. For many years teachers have been told that this is the real key to successful results in school practice. Many teachers have taken that to heart, but far too many have held on tenaciously to the ideas gleaned in the "good old days." This has had a disturbing effect on our boys and girls. Too often this turmoil has been aggravated by equally confused parents who didn't understand "this new system of schools." This is unfortunate, but there is a remedy.

Parents can learn by doing, as well as pupils. Let every parent start to do something to aid education. First, get to know your child's teacher better. Help that teacher to understand your child. Don't skip over the child's shortcomings. Face them together—you,

the child and the teacher—and that means together. Go to school, go to the Home and School meeting, but go some place where you can get together to understand what you can do for that child in this Pupil-Centred system which you do not understand.

Parents can learn by doing more. Think in terms of tomorrow's citizens rather than today's assessments. Think in terms of humanity rather than physical assets. Think in terms of better education in which you cooperate with your child and his teacher.

Parents can learn by doing more and more. Everyone's life is consciously or unconsciously dominated by certain values. Let the community and the school know that you are dominated by the Christian values among which are justice, cooperation, self-denial, kindness, generosity, love, duty, loyalty, tolerance, respect for personality, charity, and freedom of conscience, thought and speech. If you fail to let your child and his teacher know where you stand do not blame the school in your community if your child becomes a citizen dominated by values of lust, greediness, self-seeking, wealth or power. Most important of all see

to it that your school is not under the control of people with such undesirable values governing them.

And don't leave it to do Education Week. Do it every week of the year.

## YOUR GOVERNMENT

(By Andy Snaddon)

Gas export has been the major issue before the legislation of Alberta in its first week of debate. The government has recommended that more exploration will have to be done before permission to export natural gas from Alberta is granted.

C.C.F. leader, Elmer Roper, Edmonton, first opposition speaker, commended the government stand and expressed the hope that it would not be changed without reference to the people. The C.C.F. has opposed natural gas export on the grounds that if it is kept here the people of Alberta will benefit as industries would be established in the province rather than at the end of the pipeline. Mr. Roper noted that a celanese plant would be built at Edmonton, to make use of the natural gas, and implied that other industries could be expected to follow suit.

Liberal speakers took another stand. J. Harper Prowse, party leader and Hugh John Macdonald, Calgary, the other Liberal member, held that a "competent" economist should be appointed to study the over-all effect of export on the economy. The Liberals expressed the fear that the government had already decided on permitting export at an early date. They also want a study of Alberta's fuel and water resources for effective utilization in irrigation and rural electrification. Their resolutions will come before the house later.

Mr. Prowse used Alberta's coal industry as an argument against natural gas export. He said it meant \$12,000,000 to \$15,000,000 in revenue to the province each year in addition to \$8,000,000 to \$10,000,000 in wages to miners, who might be put out of work. The coal was for the most part Alberta owned, while gas export would give \$375,000 a year in royalties to the government but was most likely to benefit foreign investors.

At time of writing Hon. N. E. Tanner has not replied to the house to these criticisms. In due course he will. Outside the legislature he has observed that export of natural gas would encourage industry in Alberta by making available natural gas and chemical raw materials, economically. He re-iterated the government would insist on sufficient reserves for Alberta in the foreseeable future (Liberals had alleged that a 50 year reserve for Alberta was being forgotten) and that many rural communities would get natural gas, because of export, which they would not get for some time otherwise.

The new Alberta Red Cross Crippled Children's Hospital, already paid for in its entirety, must now be supported. This is a great work in which we can all play a part. In addition, there is Blood Transfusion Service, Junior Red Cross, Disaster Relief, Outpost Hospitals, Veterans' Aid and Swimming and Water Safety.

## Tillage and Soil Conservation

One reason for our difficulties with soil erosion in the past has been our inability to adapt tillage practices to Alberta conditions, says E. A. Cheshire, Extension Agricultural Engineer, Alberta Department of Agriculture. The plow and disc, introduced from countries of plentiful rainfall have not proved satisfactory in regions where the moisture supply is limited. The plow has advantages on occasion, but its use as the basic tillage implement in Alberta can no longer be advocated.

If our soils are to be conserved, soil fibre must be maintained and crop residues left on the surface. Soil fibre binds the particles together and increases the water holding capacity of the soil. Trash cover provides protection against the velocity of rain drops so that they will not puddle and seal the surface. It also slows down the rate of run off and allows the moisture to soak into the soil. In the prevention of wind erosion, trash cover helps to slow down the air stream at the ground surface. The higher the trash cover, the greater will be the slowing action.

Although correct tillage practice is only part of a balanced farming program, it is a very important part, says Mr. Cheshire. Trash cover, timely operation, weed control, shelterbelts, and rotations which include grasses and legumes, are all involved. Since, however, crops cannot be produced without tillage, implements adapted to our soils and climate are essential. As far as soil conservation is concerned, shallow tillage with such implements as the blade, discer and heavy duty cultivator has proved definitely superior to constant use of the plow.

## BANK OF COMMERCE WINS AMERICAN ADVERTISING AWARD

The Canadian Bank of Commerce has been awarded top honors by Bankings, the magazine of the American Bankers Association, for "outstanding use of advertising methods" in 1950.

This is the first time this distinction has been won by a Canadian chartered bank. Selected advertisements from The Commerce 1950 program were reprinted in the March issue of Bankings along with those of nine United States banks.

Banking reported that "Hundreds of campaigns were represented by the entries. National, state, savings banks and trust companies sent us samples of the stories they told their publics during the past year. General and special purpose campaigns—here and there a single idea—came in from all parts of the country, and from Canada, too."

Considerable comment resulted last fall from a Commerce series in which short stories by Canadian authors with illustrations by Canadian artists were printed in double-page magazine spreads. The advertisements said only: "Published by The Canadian Bank of Commerce because we liked it." The prize-winning campaign featured, in addition, special advertisements for farmers, women, small-town daily and weekly newspapers and United States and Canadian business publications.

## County Administration---

Of interest to the ratepayers of the County of Vulcan is the following excerpt from the County Act, dealing with the powers and duties of county council committees.

### Powers and Duties of the County Council

The county council at its first meeting in each year shall elect a chairman from among its number.

The chairman shall be the chief executive officer of the county and shall be vested with all the rights, duties, privileges and powers of—

(a) the reeve of a municipality;

(b) the chairman of the board of trustees of a school division and

(c) the chairman of the board of a municipal hospital district.

Except as otherwise provided by this Act the county council shall have and exercise all the rights, powers, privileges, duties and functions conferred on—

(a) a council by the provisions of The Municipal District Act in respect of municipal matters;

(b) a board of trustees of a school division by the provisions of The School Act in respect of school matters;

(c) a board by the provisions of The Municipal Hospitals Act in respect of municipal hospital matters.

The council shall appoint—

(a) a secretary-treasurer who shall be vested with all the rights, duties, privileges and powers of—

(i) the secretary-treasurer of a municipal district;

(ii) the secretary-treasurer of a school division; and

(iii) the secretary-treasurer of a municipal hospital district;

(b) such other officials as may be required to assist the secretary-treasurer and to provide for the efficient conduct of the business of the county council and any of its committees.

### Appointment of Committees

A county council, at its first meeting in each year, shall appoint not less than three members of the council, one of whom shall be designated as the committee chairman to each of the following committees—

(a) the municipal committee;

(b) the school committee; and

(c) if a municipal hospital district has been included, the hospital committee.

A county council may appoint such other committees as are deemed necessary.

The school committee and the hospital committee may each co-opt the services of not more than three electors who are willing to act as members of the committee.

Members shall be appointed to the school committee to represent towns and villages which are deemed to be included in the county for school purposes or hospital purposes as provided in sections 17 and 18.

The total number of members on the school committee or on the hospital committee shall not in any case exceed seven including:

(a) at least three members of the council appointed by the council;

(b) not more than three members representing towns and villages;

(c) not more than three co-opted members.

In the event that all or part of a school division included in a county contains a school district which includes a town or village such town or village—

The county council shall finally adopt the budget for the county.

The portion of the budget of the county approved for each committee shall be administered and expended under the jurisdiction of that committee.

The school committee and the hospital committee in preparing their estimates shall calculate the amount of the requisition to be made upon the council of any town or village which is deemed to be included in the county for school purposes or hospital purposes, as the case may be.

The provisions of The School Act or The Municipal Hospitals Act, as the case may be, in so far as they are applicable, shall govern the preparation of the estimates and the calculation and payment of the requisitions.

The county council, when it has adopted the budget for the county, shall send the requisitions to the councils of the towns or villages contributing for school purposes or hospital purposes.

### General

Whenever in any Act reference is made to a municipal district, improvement district, special area, school division, municipal hospital district, municipality or local authority, or the board or council of any such district or local authority, in the case of a county it shall be deemed to be a reference to the county or the county council, or one of the committees of the county council provided for herein, as the case may be.

The provision of The Municipal District Act, in so far as they are not inconsistent with this Act, shall apply in their entirety to every county.

The Lieutenant Governor in Council from time to time may make such rules, regulations and orders, not inconsistent with the provisions of this Act, as he deems necessary for the proper carrying out of the purposes thereof.

### CANADIAN FUR AUCTIONS ATTRACT RECORD NUMBER OF BUYERS

Some of the most successful fur auction sales ever held by Canadian auction firms have recently taken place all across Canada. The heavy offering of all types of furs attracted a record-breaking attendance of fur buyers from Canada, the United States and European countries. As a result of strong competition in bidding, advances in prices were recorded for most of the furs and the percentages sold were very high. Fur skins such as Alaska sealskins, ermine and Canadian squirrel sold 100 per cent, with white fox, ranch and wild mink, muskrat and beaver all above 90 per cent. Fur auction sales are regularly held at the main fur centres of Montreal, Winnipeg, Edmonton and Vancouver, and account for a good portion of Canada's fur exports.

## AUCTION SALE

**NOW 1/3 MORE COVERAGE THAN 1950!**  
With new low-volume application

National Grain has always been well in the lead with the most up-to-date equipment for chemical weed control. Now, for 1951, National takes another great stride forward—introducing improved Trailer and Tractor Mount models spraying only 3 gallons per acre—equipped with nozzles that spray accurately and efficiently, without clogging, at a lower volume than ever before.

With the new tank of 150 gallons capacity, 50 ACRES can be sprayed before stopping to remix and refill. This saves time and labor—conserves water—represents a revolutionary advance in efficient and economical weed control methods.

See your local National Manager or Authorized Dealer about the new National Sprayers for 1951, in Engine Operated and Power Takeoff Trailer Models, or the Tractor Mount Model. They're the answer to ALL your spraying problems—the acknowledged leaders—with exclusive, patented features found on no other sprayers. They're the ideal sprayers for the application of weed or insect killing chemicals.

Thoroughly investigate ALL makes—you'll be satisfied with no other.

## Champion

W. I. Harris and Fred Cartwright were business visitors to Calgary Thursday of last week and luckily reached home shortly before the blizzard came.

Mr. R. Maxwell was a patient in the Vulcan hospital for a few days last week and has now returned to his home.

Mervyn Smith is spending a few days with his parents, Mr. and Mrs. Harry E. Smith.

Ed Larkins, who has spent the past ten days with his mother, Mrs. P. Larkins, left for his home in the Reid Hill district Monday.

Mr. and Mrs. W. Christensen returned to Champion last Tuesday after an enjoyable trip by plane and train to Vancouver, B.C. and southern California. Mr. and Mrs. Christensen were away for about three weeks.

Martin Matlock was a business visitor to Lethbridge last Thursday where he attended a district gas and oil meeting.

Mr. and Mrs. J. Mark, also Mr. and Mrs. V. Christensen who had spent Thursday in Lethbridge, were unable to reach home owing to the storm, they got as far as Barons where they remained for two days before proceeding to their respective homes.

Mrs. R. Birkenes of Armada was a visitor for a few days at the home of her parents, Mr. and Mrs. Fred Sadler.

W. A. Keenan was a business visitor to Lethbridge last Wednesday.

A. G. Saxby of Vulcan was a business visitor early last week when he took photos of the students for the Year Book.

Mr. and Mrs. H. E. Smith were visitors to Oids last Thursday and arrived back home just minutes before the blizzard struck.

### W. I.

The Champion Women's Institute members assembled at the home of Mrs. E. Knudson, Thursday, March 15, for the regular monthly meeting. Twelve members and one visitor was present and the meeting was presided over by Mrs. F. Little.

A very comprehensive report on the W.I. District number four Conference, held in Lethbridge recently, was presented by Mrs. Little, who was the official delegate from the Champion branch. Barbara Ohlheimer, president of the Jolly time girls' club, gave an interesting report on the W.I. girls' club conference, held in conjunction with the senior body at Lethbridge.

It was announced that the local Bank of Commerce has kindly agreed to act as a collection depot for any and all donations to the Red Cross during the campaign for funds.

A report was given on the rest room in the Village office building, kept up by the W.I., and attention was called to how badly abused the room has been, lately, by some unknown persons.

Mrs. Guy Volsey won the tea raffle prize donated by Mrs. Ernest Rhodes.

A delicious lunch was served by the refreshment committee, Mrs. J. Swift and Mrs. Little. The next meeting, April 19th, will be held at the home of Mrs. A. M. Mahoney.

### THE STORM

The record breaking blizzard that struck here last Thursday, March 15, about 9:30 p.m. brought everything to a standstill, those who were attending lodge meetings, entertainments and practices, many from the outlying district, were stranded in town. Homes and hotel were filled to overflowing with unexpected guests who were unable to reach their homes until Saturday afternoon, at least.

Ken Bjornson made countless trips, Saturday, in his plane, rigged with skis, to take stranded people, one at a time, to their farm homes. He also procured and dropped some much needed medicine to a farm home in the immediate district. It is worthy of mention that this gracious service was gratis and much commendation is due Mr. Bjornson.

Naturally, schools are still closed at time of writing, Monday, and United Church service and Sunday School was suspended, the regular Saturday night picture show was called off as was the Saint Patrick concert that was to have been held last Friday night. Numerous cars were completely covered in snow drifts.

Snow plows have been, and still are, working night and day in an effort to open roads. Streets in town and district roads are opened just wide enough for a car to go through with high walls of solid packed snow on each side wherever the plows have been able to get through at all.

Many cattle are in a bad way and the feed situation is short of the demand for same.

The blizzard recalls to memory

the tragic storm of December 1927.

### I.O.D.E.

Lael Chapter I.O.D.E. held their March meeting Wednesday the 14th at the home of Mrs. George Moses with 10 members present and the Regent, Mrs. M. M. Bakken presiding.

It was decided the Chapter would again take charge of collections for the Cancer drive which gets under way shortly.

Mrs. Bakken and Mrs. A. Degenstein, Standard bearer, were named as delegates to attend the annual I.O.D.E. convention to be held in Calgary, April 4-6 inclusive.

Winners of the two raffle prizes were Mrs. R. L. Fath and Mrs. E. H. Ohlheimer.

A dainty lunch was served by Mrs. Fath and Mrs. T. Luskson.

The next meeting will be April 3rd. Place of meeting to be announced later.

### H. and S.

The Champion Home and School Association met in the School, Tuesday evening March 13, with only a fair attendance. Bruce Alder presided in the absence of the president, C. Versluis. Following the reading of the minutes, the financial report showed the sum of \$75.37.

Mr. Alder was unanimously elected as delegate to attend the annual H. and S. convention to be held in Edmonton May 7-9 inclusive.

It was decided to hold a card party and raffle at a date to be decided and details arranged by a committee composed of Mrs. E. Nowlin, Mrs. J. C. Anderson and Mrs. E. Fraser.

A committee composed of C. Versluis, B. Alder and George Smith was named to meet with the new Educational Board of the County regarding the needs of the Champion Schools.

A motion was made that the Secretary be instructed to write a letter to the village council requesting some action be taken regarding vicious dogs running loose in the school grounds and attacking children en-route home from school.

A very entertaining program under the supervision of H. Allan was presented. Ronnie Jones was Master of Ceremonies. A skit "Truth Telling Machine", piano selections by Ann Anderson, a solo "Mocking Bird Hill" and encore by Joyce Tindal, who accompanied herself on the guitar, and a group of girls who sang Irish Ballads, were all well presented and received.

The lunch committee were, Mrs. J. C. Anderson, Mrs. H. Gilbert, Mrs. A. M. Mahoney and Mrs. J. Swift.

## NOTICE

ALL GASOLINE PUMPS in Champion will close at 6:30 p.m. on week-days, excepting Saturdays, and with the further exception that one (1) Garage or Service Station each week (as noted below) will remain open until 8 o'clock each evening, all day on public holidays and Wednesdays, and on Sundays from 10 a.m. to 12 noon and 1 p.m. to 4 p.m.

Mar. 26th - April 1st  
W. I. HARRIS

## A Favorite Recipe---

Contributed by  
MRS. ALBERT ORCUTT

### BANANA BREAD

- 1 cup sugar
  - 1/2 cup shortening
  - 2 eggs
  - 3 bananas (mashed)
  - 4 Tbsps sour milk
  - 1 tsp soda
  - 1/4 tsp salt
  - 2 cups flour
- Bake in slow oven for one hour in loaf pan.

### SPECIAL NOTICE

The Saint Patrick's concert, sponsored by the W.A. of the United Church, will now be held Monday night March 26 in the Community Hall.

This concert was postponed from last Friday night, March 16th, owing to the blizzard.

### SPECIAL NOTICE

The Community Hall board will sponsor a dance, Easter Monday night, March 26th, immediately following the St. Patrick concert. Little's orchestra will supply the dance music.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. W. I. Harris of Champion wish to announce the engagement of their only daughter, Audrey Ione, to Fred George Cartwright, youngest son of Mr. and Mrs. G. H. Cartwright of Calgary. The wedding will take place April 14th at 2:30 p.m. at the University Chapel, Calgary.

### FISH HATCHERIES

The Wildlife Service of the Department of Resources and Development operates fish hatcheries in three National Parks—Jasper, Banff and Waterton Lakes, Alberta. In addition to research and experiment carried on at the stations, hatchery-raised trout keep the fish population of the National Parks up to strength and ensure that this popular tourist attraction does not become depleted. Most hatchery trout are of the cut-throat, rainbow, eastern brook (speckled), lake and brown varieties.

### WOOD FOR DEFENCE

Wood occupies a key role in defence preparedness. In two years of the Second World War, the Canadian Army, Navy and Air Force erected more than 9,000 wooden buildings as bases and training establishments. Canadian forests were largely responsible for the speed with which the British Commonwealth Air Training Plan got underway.

The drift of population from the country to cities and towns in Canada has been strikingly apparent since shortly after the middle of the 18th century.

### EASTWAY

Mr. and Mrs. Archie Oldfield and daughter Sandra arrived home Monday, March 19. They have been on an extended visit to several points in Eastern Canada since Jan. 27, when they left by train. They drove back in a new Pontiac. Jimmy Oldfield has been staying alternately with Mrs. S. Cockwill Sr. and Mr. and Mrs. W. Oldfield.

Mr. and Mrs. Ed Fitzpatrick of Queenstown were visitors at the Joe Sultor home last Thursday.

Calgary visitors this week were Joe Sultor and Gordon Layercraft.

Mr. and Mrs. Frank Wyatt are spending several days this week in Calgary to attend the bull sale.

Norman Marshall and Ted Runnel returned by motor last week-end after spending the last five months in Vancouver.

Mrs. Asplund Sr. returned to Lethbridge March 10.

Mrs. Ada Hill and Hurley Clifton were recent visitors for several days at the R. N. Hill home. They returned to Claresholm on March 15.

Duane and Gary Hill are recovering from a mild form of measles. They would have to miss school as Highway No. 24 is going into its third week of being impassable.

Mr. and Mrs. Charlie McNeven were caught in the storm on their way home from a funeral service in Calgary last Thursday. Mrs. McNeven is in the High River hospital with frozen legs. Mr. McNeven got home by airplane.

The Vulcan Express lost its way in the storm and the driver, Johnny Palmer, had a hard time to keep warm and awake. Friday afternoon he could see buildings and walked to John Tangen's. He stayed there until Sunday afternoon when he walked nine miles

and caught a ride to Vulcan.

The Eastway Ladies Social Club gathered at the W. Fleming home March 15 for their regular meeting which was postponed from March 8. The next meeting will be held at the Dick Brodrick home. It was decided to have a card party March 16 and a dance on March 30 at the Union Jack hall. The hostess served a delicious lunch.

Dale Wyatt and Donald Campbell are staying in Arrowwood this week to attend school.

### LOMOND

A blizzard whipped its way in on Sunday causing the temperature to drop to below zero in a short time. The roads are all blocked in, also making some deep drifts of snow.

An airplane from Milo has made several trips taking people out due to blocked roads.

Congratulations go out to Mr. and Mrs. Norman Hammer on the birth of a daughter in the Vulcan hospital.

A farewell party for Mr. Long Sing and family was recently held in the Community hall. Long Sing was owner and operator of a cafe and groceries combined, for 21 years. The evening was spent in playing cards. While lunch was being prepared, several took part in singing and playing musical instruments. Stan Craig, master of ceremonies presented the Long family with a purse of money. Long Sing was well liked and the community wish to extend best wishes to them in their new home at Lethbridge.

Mrs. H. Williamson of Eyremore purchased the coffee shop and recently had the post office moved into that building.

Mr. and Mrs. Johnny Polson were weekend visitors at the Phil Frost home recently.

Mr. and Mrs. Ed Root and Miss Bell returned home from Edmonton. While in Edmonton they attended the wedding of Betty Lou Davies.

### ENSIGN

Some 70 people enjoyed a delicious bean supper that was held in the hall on Tuesday March 13. The supper was sponsored by the Ladies Community Club.

Calgary visitors the past week were Alex Smith, P. O'Dwyer, Pete Flebotte, Mr. and Mrs. N. Flebotte and Mrs. Kennedy.

A good crowd attended the wedding dance of Mr. and Mrs. Doug Loose on Wednesday, March 14. The crowd gave a vote of thanks to the young couple for the good time, everyone joining in singing "For They are Jolly Good Fellows" after which the groom suitably replied. Mr. and Mrs. Erven Loose and family of Magrath, parents of the groom, motored here to attend the dance.

Mrs. Baden Brown is home again after spending a few days in the hospital where she was treated for frostbite.

The Ladies Aid monthly meeting which was to be held on

## Correspondents Wanted

Wider news coverage is planned by the Advocate now that it is being circulated in the north and east part of the County to a much greater extent than before.

District correspondents are wanted for Milo, Queenstown, Armada, Arrowwood, Majorville, Mossleigh. Anyone interested is asked to write the Advocate for further information.

Wednesday, Mar 21 has been postponed until a later date due to the blocked roads and bad weather.

Quite a few of the district residents were caught away from home when the blizzard hit one of the victims of the storm, is a patient in the local hospital.

Mrs. Fisher, who has been spending the past three weeks in Calgary, is back in the district.

Eric Thorp and Leonard Smith are attending the bull sale this week.

### KIRKCALDY

Burke Hanson, who recently joined the R.C.A.F., left on Tuesday for New Brunswick where he will be stationed.

Mr. and Mrs. Jim O'Reilly spent several days in Calgary last week. William Munro and Arthur Jones, accompanied by Spencer Lewis and Morley Scobie were Lethbridge visitors last Thursday.

Friends of Mrs. Ray Beckner are pleased to learn that she was able to return home from the hospital on Tuesday.

Mr. and Mrs. Wentworth Brinton attended the funeral of the former's brother, Edrl Brinton, in Calgary on Wednesday. The sympathy of their friends is extended to the family in their bereavement.

Due to the blizzard that raged Thursday night and Friday those snowbound in Vulcan were Mr. and Mrs. R. B. Middleton, Mr. and Mrs. Calvin Hollister, Mr. and Mrs. Gordon Gardiner and Ralph, Mrs. Haga, Mrs. Urquhart, Miss MacKay, Mrs. Main, Mr. and Mrs. Howard Speth, Arthur Jones, Evan Munro, Jim Jensen, Morley Scobie, Russel Robble, W. Callahan, John and Henry Dorch, George and Jim Lawrence, Mr. and Mrs. C. Martin and Ray Beckner were stranded in their respective cars enroute home until the next day.

Helen Beckner was a patient in the local hospital last week. She returned to school this Monday.

Jim and George Lawrence have taken up residence in the H. Mitchell house.

Robby Rinaldi is convalescing from Chicken Pox at his home in Vulcan.

BERRYWATER

H. C. Douglas returned recently to his home after several days' stay in the local hospital.

Mr. and Mrs. Lee Richardson were the guests of Mr. and Mrs. Jones the night of the blizzard.

Stan Cox of Winnipeg has returned to the H. C. Douglass farm

where he will assist in farming Roy McIntyre, Lawrence Or-

chard and Burnell Drummond left Tuesday for Oshawa, Ont., where after being marooned in Vulcan Roy and Lawrence will take during the storm were Mr. and Mrs. Stan Wickstrom, Mrs. Doug Burnell an automobile. They plan Smith, N. K. Budd, Mr. and Mrs. C. Webber and son, Warren.

A canasta party was held recently at the home of Mr. and Mrs. Leslie Richardson, in honor of Lee Richardson's birthday.

Seven head of livestock belonging to H. C. Douglass have been unaccounted for since the storm.

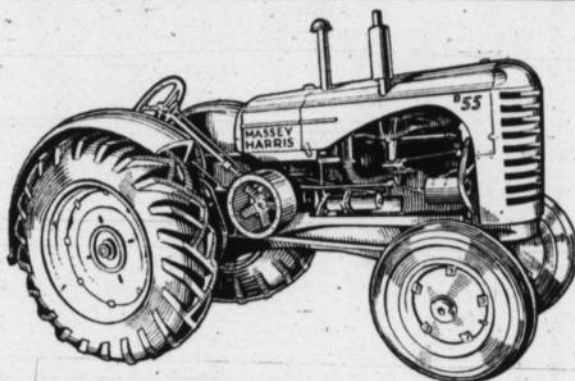

Whether they were driven away by the gale-like winds or are buried in some of the mountainous drifts is not known.

Fire of undetermined origin completely destroyed the Jack Cole home Wednesday afternoon of last week. Mrs. Cole and two of the younger children were alone at the time.

Friends of Lorne Healy will be pleased to learn he has sufficient recovered from his recent illness to return home from a three-week stay in the hospital.

## Rea's Auto Shop OPEN NEXT WEEK

All Gasoline Pumps in Vulcan will close at 6:15 p.m. on week-days, except Saturdays, and will remain closed on Wednesday afternoons, Sundays and holidays, with the exception of the service station named above, which will remain open until 8:00 p.m. every day for one week and will be open from 10 a.m. until 8 p.m. on Sunday and holidays, commencing Sunday, March 25th

## Brief Items of Local Interest

Mrs. F. L. Simington of Calgary was a recent visitor at the home of her daughter Mrs. Jim Clark and Mr. Clark. She also visited with her sister Mrs. R. W. Simington.

Mr. and Mrs. Jim Chapman were hosts to some 28 guests Thursday night when the members of a club, who had been at the Chapman home for a meeting, were forced to remain due to the blizzard.

Mrs. Pete Wiersma is at present visiting at the home of her daughter, Mrs. H. O. Grimsrud at Medicine Hat.

Friends of Mrs. Lundy Findlay will be sorry to learn she is suffering from the hospital recently, suffering from an attack of acute appendicitis. She is now making satisfactory progress following an operation.

Mr. and Mrs. Stan Scales were weekend visitors to Calgary.

Born to Mr. and Mrs. W. Koeller, Saturday, March 17th, a daughter, at the local hospital.

Friends of Norman Bishop will be sorry to learn she is suffering a relapse of his recent illness and after a few days at the local hospital was taken Tuesday, by ambulance, to the University hospital at Edmonton.

Mrs. J. P. O'Connell was a recent visitor to Edmonton.

W. Bossert of Mossleigh is at present a patient in the hospital suffering from a leg injury.

Friends were sorry to learn the latter part of the week that C. W. Loose has had to return to the Vulcan hospital for further medical treatment.

Mrs. C. W. Fleming is a 'flu patient at the present time at the local hospital.

Professor Malcolm Taylor of Regina was a visitor last week at the home of his parents, Mr. and Mrs. C. G. Taylor, and accompanied them to the west coast, where they will holiday at Campbell River.

Mrs. O. H. Rolis was supper hostess in the United Church Manse Sunday evening to the cast of seven young ladies taking part in the pageant "The Challenge of the Cross."

Chauncey Layman of Calgary was a Vulcan visitor this week.

The St. Aldhelm's Ladies Guild will sponsor their annual Easter tea and bake sale in the Legion hall Saturday, March 24th, from 3 to 5.

C. R. Robson was a business visitor to Calgary the first of the week.

Glen Gorbous left recently for Vero Beach, Florida, where he will enter training with the Brooklyn Dodgers baseball training team.

bye-election last November, is back in the house. He had the tough luck to catch 'flu within the first few days and has been confined to his hotel room for two weeks.

O. B. Moor, Ponoka, has started a new business venture in Edmonton. He has opened a market stall to sell horsemeat—probably the first market exclusively for horsemeat in North America.

Picadilly Weepers were the moustache and long, drooping whiskers worn by fashionable men of England in the 1860's.

## YOUR GOVERNMENT

(By Andy Snaddon)

There's talk of almost everything from cabbages to kings in the Alberta legislature these days as the government goes through the work of spending your money—all \$94,000,000 of it.

Each item must be passed separately. Hon. Peter Dawson, Speaker, leaves the chair and the house is resolved in to committee of supply, with James Hartley, Macleod as chairman. Each member can question each item and make suggestions on it.

For instance when the department of agriculture estimates were gone over, Harry Lobay, Beaver River, praised the work of district agriculturists and suggested more than the present 44 should be provided. Hon. David Ure, minister of agriculture, was quick to agree, but pointed out that new agriculturists were given practical training under experienced men, and this took time.

Mr. Ure also announced plans for irrigation. A \$3,000,000 program will take place in the south-east section of the province. Included will be a 2,400 foot slip-hon across 40 mile Coulee south of Bow Island, from the coulee a canal system will be built to near Bow Island and east to the Medicine Hat area.

A 20,000 acre feet reservoir would be built at the end of the canal system near Medicine Hat and a reservoir would also be built at the head of 40 mile Coulee as well as a spillway. Distribution systems are scheduled for Yellow Lake, Grassy Lake-Burdett, and part of the Bow Island system. Tying in with the federal government main canal on the St. Mary project the government would build a canal in the Magrath area.

The coyote question was also brought to the fore on a vote for \$25,000. Mrs. C. R. Wood, Stony Plain, had urged that a bounty be paid to farmers, who did more exterminating at their own expense than professional hunters, who were paid. Mr. Ure replied a new plan was being drawn up, but there would be no bounties. He did reveal that orders had been placed for 10,000 cyanide guns and 50,000 shells. It is expected the new, dangerous 1080 poison will be used.

Something else Mr. Ure mentioned was an item of \$40,000 for seed cleaning plants. The same amount was offered last year, but no one took advantage of it. The year before four plants, at Westlock, Morinville, Wetaskiwin and Camrose were built and had cleaned half a million bushels of seed last year. The government puts up one third, and the municipality and the farmers are asked to put up one third each. He hoped this grant would be applied for this year. Michael Ponich, Vegreville, asked for information on the plants.

Recently W. F. Gilliland, Peace River, objected to the forestry policy of refusing to permit burning of brush and roots after April 1. In fact, he dared the forestry officials to come up his way and show the residents how brush could be burned prior to that date, when there was likely to be two feet of snow on the ground. However, a meeting was held and Mr. Gilliland reported it had been

agreed local fire rangers should issue burning permits at any time providing sufficient assurance could be given of fireguard precautions. Meeting with the forestry officials were: Mr. Gilliland, Ira McLaughlin, Grande Prairie; H. E. DeBolt, Spirit River; Robert Jorgenson, Pembina; Gordon Lee, Athabasca; Harry Lobay, Beaver River; Norman Willmore, Edson; J. W. Beaudry, St. Paul; Mrs. C. R. Wood, Stony Plain and William Kovach, Pincher Creek.

To conclude on a social note—Fred Niddrie, elected in the Olds
